

BOARD URGES PURCHASE OF NEW POORFARM

The present county infirmity farm, which is very hilly, should be sold and a river bottom farm purchased which could be made self-supporting. This is one of the recommendations made by the county board of visitors who have just paid a visit to the county poor farm. The board is composed of Geo. S. Caton, Mrs. C. H. Macruder, Geo. M. Gray, Mrs. J. L. Rue and Miss Pauline Wesson. They found everything in the best possible condition and Superintendent and Mrs. Howard Lennon came in for a full share of the praise. The visitors report that Mr. Lennon is accomplishing wonders in the agricultural line, considering the hilliness of the land which he has to work on.

"I am in favor of selling the place," said Geo. M. Gray to The Age today, "and buying a good farm where Mr. Lennon can have a chance to show what he can do. He is just the man for the place in my estimation and I believe it would pay to buy a bottom farm."

LOUDON CAPTURED

Cincinnati Bank Clerk Will Return to Face Charges.

Baltimore, Nov. 12.—A man whom the police say is Edmond Cecil Loudon, until a short while ago bookkeeper and cashier of the Provident Savings Bank and Trust company of Cincinnati, was arrested at a hotel here on the charge of having embezzled between \$5,000 and \$6,000 from the institution. At first the man denied his identity, but when taken to detective headquarters he is said to have admitted that he was the person who was being sought.

Loudon said he was willing to return to Cincinnati without waiting for extradition. On Sept. 22 last he entered the cage of a fellow employee at the bank, gathered up about \$5,000 in bills and a lot of checks, and disappeared. Loudon, it is said, was since visited racetracks all over the country. He said he had seen a good time and that he had not a penny left. He is 26 years old and came originally from Albion, Tex.

Will Inaugurate Pledge Movement.

Des Moines, Ia., Nov. 12.—The American Anti-Saloon league will inaugurate a pledge signing movement early next year throughout the United States. This announcement was made at a session of the central district association here by the national superintendent, P. A. Baker. Criticism of the temperance lessons in the American Sunday school leaflet was made as being inadequate.

CONGRESSMAN WHO RUSHES WORK ON TARIFF REVISION

SERENO E. PAYNE

WASHINGTON, Nov. 12.—Sessions of the house and means committee of the house of representatives to hear arguments of the various schedules of the new tariff law began yesterday and will continue to Dec. 4. Chairman Sereno Payne of New York believes the committee will be able to perfect a bill early in the December session of congress. It is the desire of the committee, Mr. Payne says, to assure the business interests of the country that there will be no unnecessary delay in framing a new tariff law.

TENNESSEE EX-SENATOR WHO WAS SLAIN AND HIS HOME NEAR SCENE OF TRAGEDY

EDWARD W. CARMACK

HUNTINGTON TO ADDRESS LOCAL ELKS

Hon. Webster P. Huntington, of Columbus, will deliver the Memorial address to the Coshocton lodge of Elks on Sunday, December 5. The committee in charge has invited him and he has accepted. The committee will meet Sunday to complete arrangements. Dr. W. R. Day's was appointed chairman of the committee to take the place of Walter Thompson who has left the city. The Memorial service will probably be held in the Sixth Street theatre. J. B. Callahan's death is the only one which has occurred in the lodge during the past year.

Mr. Huntington is a brilliant speaker and made a highly favorable impression here a few weeks ago when he made an address to the Bryan club.

Southern Democrats Change Front And Boost High Tariffs

Washington, Nov. 12.—An unusual situation was developed at the hearing before the ways and means committee of the house when the Democratic members favored an increase in the rate of duty on barytes, while the Republicans assumed an attitude antagonistic to a prohibitive rate on that mineral.

Former Representative Rhodes, A. G. Nulson, S. M. Evans of North Carolina and Charles J. Staples of Buffalo, N. Y., spoke in favor of increasing the duty on crude barytes, and when Mr. Evans took up the argument, speaking of the barytes deposits in North Carolina, Alabama, Georgia and Tennessee, the Democratic members of the ways and means committee became interested.

Representative Pott of North Carolina, a Democrat, told Mr. Evans that if he could show that the mining of barytes was made unprofitable because of the prevailing tariff he would have the support of the minority members of the committee in the recommendation for an increase in the duties. Despite the assertion by Mr. Rhodes that Missouri was carried in the last election by William H. Taft because of the belief that a higher protective tariff would be enacted, the Republican members of the committee, led by Chairman Payne and Representatives Longworth and Bontell, apparently desired to bring out the fact that no higher duty was necessary on barytes.

The hearing on the proposed revision as affecting the schedule on chemicals, oils and paints, was completed, and the hearing on Schedule H of the tariff, covering spirits, wines and other beverages, has commenced.

The prevailing attitude with regard to Schedule A is epitomized in the following words by Eugene Merz, a paint and color manufacturer of New York, who submitted a brief: "It will be seen that the duty at present levied is but moderate and is necessary to equalize European and American conditions, and we respectfully submit that the present rates of duty on our products should be left undisturbed."

WANT LOWER RATES

National Grange Urged to Petition Congress to Revise Tariff.

Washington, Nov. 12.—An immediate revision of the tariff schedules affecting articles that are alleged to be sold by American manufacturers in foreign markets at lower prices than in this country was urged in behalf of the interests of American farmers by former Governor N. J. Bachelder of New Hampshire, national master, in his annual address before the National Grange, Patrons of Husbandry.

Mr. Bachelder also made a strong plea for postal savings banks, parcel posts and highway appropriations at the next session of congress. Commenting upon the purpose of President Roosevelt's country life commission, Mr. Bachelder stated that the commission already has ascertained from letters sent by farmers in every part of the United States that a reform which would mean more to the farmer in dollars and cents was a measure for adequate appropriation for the improvement of highways.

HIGH SCHOOL IN FIRE DRILL

The high school will have their first real fire drill Friday afternoon at 3 o'clock.

Thursday noon at dismissal time the students made their exit via the fire escapes but Friday afternoon's drill on will be the first real test of speed and accuracy. Supt. Bryant says that the state inspector found the new escapes all in good condition with a few minor exceptions and that everything is now ready in case of any conflagration.

Governor Hughes has filed a statement of his election expenses, showing that it cost him \$369.65 to be re-elected governor of New York.

SHOE SHINING CASE ABOUT TO BEGIN

The famous shoe-shining-sand case, known as Samuel Kentres vs. Gail S. Hamilton et al has been restored to the jurisdiction of the common pleas court after temporary suspension in the realm of the circuit court. So Victor Williams has been granted a leave by Judge Taggart, at Columbus, to withdraw the petition in error filed in the circuit court and the case will now come up on its merits in the lower court. The case involves the question of whether the stand at the Back & Wisconsin corner which was built there several months ago has a legal right to remain. Anyhow, it is still there.

K. P. DISTRICT TO MEET IN NEWARK

District Deputy Grand Chancellor of Fidelity lodge will attend as the main speaker between the two places is excellent. This is the same kind of convention that was held here last winter, when Edith Dawson was district deputy grand chancellor. The Newark knights will strive to equal the high standard set by Coshocton knights last year.

Electric Engines To Be Used On Pennsylvania

To Cut Running Time In Two-First East Of Pittsburg And Soon To Follow West

Before many years business houses and residents adjacent to the tracks of the Pennsylvania railroad, running through Fifth street will not be bothered by any smoke.

The trains are to be drawn by electrical engines.

This is not an idle fancy but actual fact, and official announcement has already been made in Philadelphia by the Pennsylvania railroad officials. It is the greatest innovation since the first steam engine puffed along its strappings in 1825.

The announcement says that special trains along at 120 miles an hour Pennsylvania railroad trains drawn by Westinghouse Electric engines will cut the running time between Manhattan and Philadelphia in two, and as soon as possible thereafter the electric system will be extended west until it crosses the mountains and finds its way into Pittsburg terminals will have been electrified and given the benefit of the revolution now beginning in railroad operation.

A Westinghouse official, whose name is not given, was quoted in Philadelphia yesterday as saying that the complete electrification of the division would require only a short time, as the work can be started from Harrison, a suburb of Jersey City, and Philadelphia at the same time. At Harrison the electric system, which is to extend to the lines on Long Island, has its western terminus.

The next step contemplated, it is stated, will be the electrification of the Philadelphia terminals and later the terminals at Pittsburg. When this work is completed the entire Pennsylvania system between these points will be placed in working order with all possible speed. Just how long it will be before electric trains are traveling between Pittsburg and New York has not been estimated.

It is probable that some time will pass before the entire system east of Pittsburg is electrified, the plan now being to electrify the main lines only. This will require an enormous expenditure, but as the work will cover a number of years it is argued that it can be done with comparative ease. Work on the lines west will be taken up at the same time.

The announcement of the electrification of the Jersey City-Philadelphia division was officially made yesterday in Philadelphia.

RITTENHOUSE IS IN OLD MEXICO

From Carmago, old Mexico, T. J. Rittenhouse writes The Age under date of Nov. 7 that just that day they heard of Taft's 2nd victory. He goes on to say: "They all seem pleased down here that Taft's elected, for the Mexicans pin their faith to Roosevelt and the Republican party. Down here it is just like a June day. We get our newspapers from the U. S. several days late but are glad to hear the news even though stale. This is a strange country, of strange people and strange customs."

Mr. Rittenhouse's letter is written on a post card, the back of which is given over to a graphic portrayal of a bull fight, with a tinselled portrait of the famous matador, Vincente Pastor.

BUBBLE BLOWN BY TOM L. IS BURST

[Associated Dallas Telegram]

Cleveland, O., Nov. 12.—Federal Judge Taylor will today appoint two receivers for the Cleveland Railway company and the Municipal Traction company. He announced his decision without hearing the arguments of attorneys for the Central Trust company of New York, applicant for a receivership.

Judge Taylor made it clear that the receivers were merely to preserve the property and that he would not undertake to determine the rights of the Cleveland Railway company or the Municipal Traction company to restoration of their property, but would preserve that question for the final hearing.

The court held, however, that the lease of the Municipal Traction company on the property of the Cleveland Railway company terminated when the franchise failed to carry out the recent referendum election but qualified his statement by remarking that this finding was not final, but for the purpose of the hearing on the application for a receivership.

The decision was the culmination of a suit by the Central Trust company of New York, master for holders of \$8,000,000 of bond, \$2,000,000 of which became due next July.

Mayor Johnson will not be cited for contempt of court because of his refusal to produce the books of the Paymaster, Fair Box company before Special Master Belford as had been threatened.

CHAS. EDEN PASSES AWAY

Charles Eden, aged 17, died from spinal meningitis at his home at 446 Cambridge street Thursday morning at 8 o'clock. He had been threatened with typhoid fever and a complication of diseases. It was known Wednesday night that his death was only a question of a few hours. His father is employed at the pottery. The funeral services will be conducted at the late home Sunday afternoon at 2 o'clock and interment will be made at South Lawn cemetery. Rev. Hamilton will have charge of the services.

SON OF WATTERSON KILLED BY LONG FALL

Head Is Crushed and Nearly Every Bone In Body Broken by Sudden Impact With Roof Below — Was Junior Member of New York Law Firm—No One Witnessed Accident and Just How It Happened Is Matter of Pure Conjecture.

New York, Nov. 12.—Attorney Harvey W. Watterson, youngest son of Henry Watterson, editor of the Louisville Courier-Journal, was instantly killed by a fall from the nineteenth floor of his office building at 37 Wall street. His body landed on the roof of an adjoining ten-story building, after having fallen 110 feet. Almost every bone was broken and the head crushed, and death was practically instantaneous.

There were no eye-witnesses to the tragedy, but evidently it was entirely accidental. Mr. Watterson, 34, had just returned from his office to his home at 37 Wall street. Presumably he had attempted to lower the window and, either stumbling over the radiator, which was in front of the low sill, or losing his footing in some manner unknown, pitched head forward and down to death on the roof below. Mr. Watterson was 30 years old and married. He was a junior member of the law firm of Wing, Russell & Watterson.

After having discussed a case with a clerk in the office, Mr. Watterson remarked that he was going home, and passed from the library through the office of F. R. Bagg, the managing clerk, into his private office, the door of which closed and locked automatically as he entered. Bagg was the last person to see the young lawyer alive. A few minutes later the superintendent of the building rushed in and informed Thomas E. Wing, senior member of the firm, that he believed Mr. Watterson had fallen from the window, and looked down from the window. The mangled form was seen lying on the roof below.

The body was removed to the Watterson home after the coroner had declared that the death of Mr. Watterson was due entirely to accident. A peculiar feature of the case was that Mr. Watterson's watch and cigarette case in one pocket and a pipe in another pocket were not damaged by the fall. Mrs. Watterson was prostrated when informed of her husband's tragic death.

Mr. Wing said that Watterson had been a member of the firm about three years, two years after he was graduated from Columbia university law school. He was sure, he said, that death was accidental, since Watterson had no financial or domestic troubles. The firm's business was in good condition, Mr. Wing said, and Watterson had been very successful. Mr. Watterson was born and reared in Louisville, Ky. When about 21 years old he came to New York and entered the Columbia university law school. During the time he was a student there he taught in a night school.

How Father Received the News. Louisville, Ky., Nov. 12.—The news of the tragic death of Harvey W. Watterson, first communicated to the friends of Henry Watterson, the editor of the Courier-Journal, created a profound impression in Louisville, and there was immediately formed a pathetic little conspiracy having for its purpose the breaking of the news to the veteran editor as gently as possible. Telephone communication with his country home 11 miles from the city, was immediately stopped, and the friends departed to Mrs. Benjamin Ridgely, widow of the consul general to Mexico, the difficult task. Mrs. Ridgely, suddenly bereaved a few weeks ago of the husband who had been Mr. Watterson's protégé and intimate friend, accomplished her mission, and the editor is at home benumbed by grief, while hundreds of telegrams from men of national prominence already are pouring in offering condolence and sympathy.

The Secret Revealed For Thin Women

It is a simple, but sure method of developing the fat, arms and neck of women, who through neglect of health, are thin. The secret consists of applying a powerful but harmless, nerve-stimulating to the cells of the body, to be absorbed and utilized as nourishment to the 25,000,000 cells. Beautiful plumpness is won. Fully, detained women are developed into charming persons, with well rounded arms and neck and full rounded bust of exquisite curve and proportion so much admired in our day's actresses and society leaders. Any slender dietist will admit the necessity to have at home, and as they are used for various purposes, so or used by the wisest as to what they are to be used for, which is as it should be for modest womanhood, get separately "two ounces glycerine," "three ounces Rose Water" and "one ounce Thymus Cologne" and mix the glycerine with Thymus Cologne, shake and let stand two hours; then add a teaspoonful of Rose Water and the Rose Water, well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed; then wash thoroughly with hot water and dry thoroughly. Avoid bathing and other regularly for several weeks and the most beautiful development will begin to reveal the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived. This is worth keeping, if not for yourself, for some dear friend who needs it.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process. In perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Our Guarantee
Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, as druggists know that our guarantee is good. This offer applies to the large bottle only. The large bottle contains 25 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to trust upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies (under seal) This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Inval's Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

PARK HOTEL

DR. ALBERT F. SNELL,
President of Snell's Private
Sanitarium, Cincinnati, O.

To give all an opportunity to meet this remarkable man of Science, who has devoted his life to the scientific study and treatment of humanity, and to introduce his new system of curing diseases he will give consultation, examination, and advice FREE during this trip.

Don't fail to call on this renowned specialist. All diseases of men, women and children treated. No matter what your disease may be or of how long standing, there is no experimenting or guesswork; you will be told whether you can be cured or not.

He has an entirely new and original method of treating all kinds of deafness which has restored the hearing to many after they had been pronounced incurable. Catarrh in all its varied forms cured so it will never return, by breaking up the cold-catching tendency.

If you have weak lungs or consumption, and have been told you are beyond help, don't fail to call on this great philanthropist and have a thorough examination, as a visit will cost you nothing and may save your life.

His new system of treating paralysis, loss of power, rheumatism and all diseases of the nervous system is a godsend to suffering humanity. Medical men stand appalled at the marvelous cures that are being effected wherever his system has been introduced. Thousands who have given up all hope of ever being cured have now an opportunity of a lifetime to recover, without charge, a Scientist and Specialist of national reputation. Remember, his knowledge of all schools and systems of medicine, combined with 30 years' experience in his Sanitarium gives him control of diseases that others do not possess. If you are afflicted in any way call on him. Think, if you are addicted with the morphine, opium or whiskey habit, his new system will cure you quickly.

If you suspect kidney trouble, bring a two-ounce vial of your urine for a chemical and microscopic analysis.

If you are improving under your family physician do not come and take up his valuable time. Idlers and curiosity-seekers will please stay away.

Cancers, Tumors, Ulcers, all blood, skin and scalp diseases cured by an entirely new method. Files and Varicose cured in from 5 to 30 days without the knife. Remember, not one penny will be charged for consultation, examination, or a scientific diagnosis of your case, in person or by mail.

Address all communications to

Tickling, tight coughs can be surely and quickly loosened with a prescription druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No opium, no chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless, lung healing, mountainous shrub, gives the curative properties to Dr. Shoop's Cough Remedy. Those leaves have the power to calm the most distressing cough, to soothe and heal the most sensitive bronchial membrane. Mothers should for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babies. Test it yourself! and see. Sold by C. E. Anderson, Coshocton, and C. M. Ferguson, Roscoe.

Absconding Official to Return.

Owen, Jr., former city clerk of Mobile, against whom indictments are pending charging embezzlement of \$30,000 of the city's funds, is voluntarily return to answer the indictments against him. It is said he will be a passenger on the steamer Belize, to arrive here next Tuesday from Belize, British Honduras.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized.

It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

It has been computed that one common house fly on the 20th of March is represented by 300 on the 24th of April. The 300 become 90,000 by May 28, and by Aug. 8 the number has been squared twelve more, making the total progeny amount to the appalling and incalculable number of 8,100,000,000.

YOUR STOMACH TROUBLE WILL PROMPTLY GO

You haven't Catarrh of the Stomach, or Nervousness, or Gastritis, or Cancer, etc. Prove this by taking Pape's Diapiesin after your very next meal. Convince yourself with a five minutes that your actual disease was

sour, acid Stomach—Food fermentation—that every bite you ate turned to Stomach Gas, Stomach Poison and acid which makes you feel sick and miserable, producing such symptoms as pain in the pit of the stomach, difficulty in breathing after a meal, Headaches, Belching, Heartburn, Nauseous breath, Water brash, Bloating, Sour risings, Gas on Stomach and many other bad feelings.

Indigestion is a result not a cause of your misery. If the stomach is sour, your food becomes tainted, and this is why you have these stomach disorders.

Ask your pharmacist to show you a case of Pape's Diapiesin, which costs only 50 cents. Read what this effective Stomach and digestive treatment contains, and how absolutely harmless it must be; how it does for the stomach what the washing and sun bath do for the churn; absolutely removes every corrupting or tainting element, and will digest all the food you can eat.

Go to your druggist and get some Diapiesin now, then eat anything you want at your next meal, and you will not suffer from Indigestion or Stomach trouble. Each bite of food will taste good, and besides you will not need liver regulators to keep your Stomach and intestines clean and fresh.

Now and forever rid yourself of the misery of Indigestion and Stomach trouble. Make your meals a pleasure by going to the table with a healthy appetite.

Visitors At Keene

KEENE, Nov. 12.—Mrs. Laura Mullins, Mrs. Will Lynde, Mrs. Rose Houston and Wm. Norman of Coshocton were calling on Keene friends Tuesday.

Misses Bessie Ling and Mabel Foster of Coshocton spent Sunday in Keene.

Miss Nellie Whittemore of Granville spent several days with her parents here.

Mrs. B. L. Shank entertained a number of her lady friends Saturday in honor of her sister Mrs. Sarah Spangler of Iowa.

Mrs. Grimm of Michigan was a recent guest of A. S. Hoagland and family.

Mrs. Hillary Beall is visiting in Coshocton.

W. J. Beall and family E. C. Beall and W. W. Bechtel of Coshocton were guests of Keene friends Sunday.

Mrs. J. E. Norman was in Coshocton Monday.

Mrs. Laura Mullins of Coshocton spent Tuesday night with Mrs. L. Wolfe.

Isleta Expects To Strike Oil

ISLETA, Nov. 12.—Jesse Robinson and brother Ham of Conesville were here Tuesday looking at their farm.

Mrs. Swert living one half mile west of Isleta, will sell her farm of 31 acres if she can find a buyer, and locate in a good town or city.

Mrs. O. W. Sergeant has been visiting friends for the past week in various parts of Pennsylvania.

John Vessel has commenced the erection of a six room house here which will be the best on Rural St.

Mr. and Mrs. Hamilton and daughter Agnes of Coshocton were guests of Mr. and Mrs. Culbertson Sunday.

Look out for some good oil wells near Isleta soon. Work soon to commence.

New Store at Mohawk Village

MOHAWK VILLAGE, Nov. 12.—Mrs. Jennie Mann of Midway, Pa., and Mrs. Eva Donley of Coshocton visited their sister Mrs. T. W. Cornell at the parsonage last week.

The health of the community is fairly good.

Prof. E. J. Fryand F. F. Fryand spent Saturday and Sunday in Coshocton.

The oyster supper served by the Ladies Aid in Almack hall Saturday night was a success financially and well attended and netted about \$16 for the ladies.

Claude Clark formerly of Walhonding bought the stock of goods of the Jones store in West Bedford and moved to the Almack building here and has commenced selling goods. Not being able to find a vacant residence here he lives with his father in Nellie.

J. Carpenter and F. Wiggins have begun to mine coal in the F. Spang bank.

Now that the fierce elector battle is over let every one push the wheels of prosperity of Coshocton county.

It has been computed that one common house fly on the 20th of March is represented by 300 on the 24th of April. The 300 become 90,000 by May 28, and by Aug. 8 the number has been squared twelve more, making the total progeny amount to the appalling and incalculable number of 8,100,000,000.

PLAINFIELD LODGE HALL IMPROVED

PLAINFIELD, Nov. 12.—Mrs. Bessie Spindler and daughter of Marietta are visiting at the former's parental home. Mr. and Mrs. Geo. Alexander.

Mr. and Mrs. John Adams and Mr. and Mrs. P. B. Adams and children were guests of Mr. and Mrs. Earl Shannon Sunday.

Rev. Morris delivered a very interesting sermon at Elliott's chapel Sunday.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashion way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop just pointed out this error.

"Go to the weak and all the nerves of these organs," said he. Each inside organ has its controlling or "inside nerves." When these nerves fall then these organs must surely falter. This vital truth a leading druggist everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by C. E. Anderson, Coshocton, and C. M. Ferguson, Roscoe.

Miss Woodby—So Mr. Smart said he considered me very witty, eh? Miss Knox—Not exactly; he said he had to laugh every time he met me.

Tonsiline Prevents Quinsy

The Gums which cause Quinsy reach the deeper seated tissues by absorption through the tonsils, causing the horribly painful inflammation which results in suppuration. Quinsy is simply a development of Sore Throat to which some people are peculiarly subject. With them, a tedious or neglected Sore Throat terminates in Quinsy. With them, a quickly cured Sore Throat means Quinsy avoided and nothing else cures Sore Throat as quickly and surely as TONSILINE.

Many such letters as below prove TONSILINE's value in preventing Quinsy.

Gentlemen—I have been subject to Quinsy for the last fifteen years and have simply had to suffer from ten days to two weeks with it at every attack, never having been able to find a preventive, until I commenced using TONSILINE.

Up until a year ago I had had ten attacks of Quinsy, but have been able to avoid it twice since that time by the use of a 25 cent bottle of your remedy. Hoping that others similarly troubled will profit by my experience, and thanking you for what your TONSILINE has done for me, I remain, Yours very truly, E. T. KEENAN, Quiet Creek, Anderson, C. A. & C. Ry., Cleveland, Ohio.

Sufferers from Quinsy should always have TONSILINE ready for instant use on first sign of Sore Throat. 25c and 50c—all druggists. The Tonsiline Co., Canton, Ohio.

TALKATIVE WILLIAM
Times have changed. Think of the German reichstag rebuking their emperor because forsooth he talks too much. And it was not many years ago that William declared that kings ruled by divine right. Not since Johnston's time has any president of the United States been rebuked or criticised in the scathing way that the German congress attacked the emperor. And all the divine right monarch did was to talk to an English newspaper reporter and do a little bragging about what he should do in certain foreign complications—a good story for the paper but tough on the kaiser. The world is breaking away from kings, and for the benefit of our Nebraska friend, we might suggest that even now the people do rule.

What a record is that for the railroads of the United Kingdom to be proud of. Only one person killed in every 70,000,000 journeys, and only two injured in every 40,300,000 trips last year. It makes the railroads of the United States look like slaughter houses.

IF IT DISAPPEARS, IT'S ECZEMA

How to Tell Whether a Skin Affection is an Inherited Blood Disease or Not.

Sometimes it is hard to determine whether a skin affection is a sign of a blood disorder or simply a form of eczema. Even physicians are often puzzled in their diagnosis. The best way for any one afflicted is to go to C. E. Anderson's or any good druggist who handles pure drugs and obtain 50 cents' worth of poslam. Apply this, and if the itching stops at once and the trouble is cured in a few days it may be set down as having been eczema, as this is the way poslam acts in the worst cases of eczema, and in curing acne, herpes, blotches, tetter, piles, salt rheum, rash, barber's and other forms of itchy, scaly scalp, and all surface skin affections.

Those who will write to the Emergency Laboratories No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion overnight and remove pimples in twenty-four hours.

Ohio News

Want Grange Convention.
Columbus, O., Nov. 12.—Efforts are being made to have the next annual meeting of the National Grange held in Columbus in 1909. The grange is in session at Washington, and Secretary J. Y. Bassell of the board of trade and Ben H. Harmon of the conventions committee are in communication with State Grange Master F. A. Berthick, who is attending the meeting, urging him to use his influence to bring the national delegates to Columbus next year.

Young Man Ends Life.
Lima, O., Nov. 12.—A posse of 30, learning of the threat to suicide made by Carl Simmons, 18, started in a search for him. The youth was found dead in a field on the Becker farm, a mile from his home. No cause is assigned for his act, although the mother says the boy had been worrying over some mysterious affair. Simmons had taken his father's revolver and blown out his brains.

Springfield Factories Busy.
Springfield, O., Nov. 12.—The big agricultural implement factories in this city are running at their normal capacity for the first time in more than a year, as a rush of orders both for domestic and export trade have come in recently. Three of the large factories are working on South American and Russian orders, and a heavy shipment of grain drills for Argentina was made.

May Lynch Tramp.
Mt. Gilead, O., Nov. 12.—Mrs. Harry Armstrong was assaulted at her home near Edison by a tramp and is in a precarious condition. A posse of men with bloodhounds is hunting the tramp and has traced him to a barn on the Olds farm, southwest of Edison, along the Big Four tracks. It caught it is certain that lynching will follow, as feeling is running high.

Brewery Gets Receiver.
Irouton, O., Nov. 12.—The Leo Elbert Brewing company, it is said, was forced into the hands of a receiver as the result of the local option election recently held in Lawrence county, when the citizens voted to banish saloons. Fred W. Geiger was appointed receiver for the concern. Liabilities are given at \$45,000 and assets at \$137,000.

Shoots Off His Hand.
McConnelsville, O., Nov. 12.—Aaron Wilson had a part of his hand torn away by a shotgun. He was hunting with a double-barreled gun. He had shot off one barrel and while reloading the other barrel went off, the shot going through the fleshy part of the hand. Mr. Wilson had one hand and a part of his arm crushed some years ago in a derelict.

Enumerate Ohio's Blind.
Columbus, O., Nov. 12.—From figures already obtained by the state blind commission it is estimated that there are at least 5,000 blind persons in Ohio. The object of the commission is to get in touch with the blind citizens of the state and assist them, not only in fitting them for the duties of life, but to help them in every way that is possible.

Papermakers Return to Work.
Hamilton, O., Nov. 12.—Officials of the Champion Coated Paper company have been informed that the strike of papermakers at that plant, which began Dec. 23, 1907, has been declared off. A number of the strikers have applied for employment and they have been taken back as opportunity offered.

Killed by Train.
Newark, O., Nov. 12.—Lying beside the Panhandle railroad tracks the body of John Griffin, 54, was found by a section foreman. The body was cold when discovered, and he had probably been dead several hours. He was walking the tracks on his way to the home of his brother.

Hamilton Man Hanged Himself.
Hamilton, O., Nov. 12.—Joseph Pieper, 45, with a wife and seven children, committed suicide by hanging himself to his bedpost. He is the third suicide in the family.

Inspector Rolston is here today inspecting the recently constructed fire escapes on the public school buildings. He is also inspecting other buildings in the city.

FARMERS DISCUSS TARIFF

[Associated Daily Telegram]
Columbus, O., Nov. 12.—Because Ohio leads all other states in the production of pure blood stock, and as the sheep interests of the state amount to many millions, a conference to determine the attitude of the state as to revision of the tariff on wool will be held at the Board of Trade Tuesday afternoon, Nov. 21. Ohio members of congress, members of the general assembly, sheep and wool growers and others interested will be invited to attend in order that there may be thorough discussion of the question.

A decision to hold the conference was reached at the Neil House during a conference between Congressman Ralph D. Cole of Findlay and representatives of the Ohio Live Stock association. As the new congress is pledged to tariff revision, it was decided that the question was of such importance that the position of the state respecting the tariff on wool should be determined in time.

FIND ANDREE'S BODY?

[Associated Daily Telegram]
Copenhagen, Nov. 12.—There is reason to believe that the body of Professor S. A. Andree, the Arctic explorer, who in 1897 made an attempt to reach the north pole in a balloon, has been found on the coast of Labrador. A letter received here from the captain of the Danish steamer Inga, dated Labrador, Sept. 30, reports that Captain Chalkers, skipper of the American schooner Pelops of Conception Bay, Newfoundland, discovered in northern Labrador a cross, bearing the name "Andree," and that beneath this cross he found a body and a box of documents.

Story Is Doubtful.
St. Johns, Nov. 12.—No report of the finding in Labrador of a body thought to be that of Andree has reached St. Johns at any time. Little credence is placed here in the report of the Danish captain.

Aston's "At the Old Cross Roads" which comes Friday night to the Sixth Street as a pretty southern play, full of thrilling situations and telling a dramatic story. When it appeared here last season the company was an excellent one.

Dunsmore's operatic company in "The Barber of Seville" Saturday night at the Sixth street is to be one of the best features of the season in a musical way. Everywhere the press comments are enthusiastic. John Dunsmore was formerly of the Hammerstein forces and sang Wil Scaret in Robin Hood. His prima, Mine Ballenti, is also of the Hammerstein forces. They carry a clever little company and their singing is said to be excellent. The opera is a tuneful one and full of excellent music.

The Carl W. Cook Stock Co. opens for a week's engagement at the Sixth Street theatre next Monday evening. The play selected for that occasion being a pretty society drama "The Belle of Richmond."

SHERIFF HAS TWO BIG SALES ON TAP
Sheriff Browning will conduct two big sales this month. On Saturday, Nov. 21 at the courthouse he will offer 181 acres of land in Franklin township, appraised at \$9,780, being the estate involved in the case of Thomas S. Hamrickhouse vs. S. Roe Robinson and Jennie Robinson.
On Saturday, Nov. 28 the sheriff will sell the Oak hotel property on Hickory street, appraised at \$6,500, to satisfy a judgment in the case of Henry Lapp and John F. Lapp vs. George Hiser and Elorna Hiser.

This woman says Lydia E. Pinkham's Vegetable Compound saved her life. Read her letter.
Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:
"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."
FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Fletcher-Hammer Wedding

Thanksgiving Event

The many friends of Miss Anna Hammer and Mr. Wm. Fletcher will be somewhat surprised to learn of the early date set for their wedding.

For some time interested friends have been speculating as to the probable time for the important event.

It has not been definitely known until recently that the culmination of the affair of the young people was to be so very soon. The wedding will be celebrated in two weeks, and the happy pair will go to house keeping immediately in a comfortable dwelling, which even now is completely furnished and ready for occupancy.

Miss Hammer is a very well known young lady in Coshocton, having always made her home here, and for a number of years having been head trimmer in Miss Anna Lang's millinery store.

Mr. Fletcher has only been a resident of Coshocton for about five years, during which time he has been the local manager of the C. R. Parish Furniture Co. store in this city, and has made scores of friends.

The large circle of acquaintances of the prospective bride and groom extend their heartiest congratulations.

Bridge And Pedro Were Played

Miss Jessie Pone was the very clever hostess at a delightful card party Wednesday night at her home on Main street, those invited being the members of the W. A. H. B. club and a number of guests.

There were two tables of bridge and two of Pedro and the evening was certainly a most enjoyable one. After a number of interesting games had been played, a tempting lunch was served by the hostess, assisted by Miss Elsie Miller. The players were beautiful carnations. Those present were Misses Agnes Haulon, Dora Speckman, Nellie Severns, Emma Coe, Edith McNaughton, Mrs. Chas. Smith and the members of the W. A. H. B. club.

Mrs. Nason's Address Well Attended

The lecture on Home Missions, which was delivered Wednesday evening at the Methodist church by Mrs. Nason, corresponding secretary of the East Ohio conference, was a very interesting one, and was enjoyed by quite a large number of people. The talk consisted of a brief sketch of the advance of the work done by home missions, which began

with the educating of the colored people of the south, then took up work among the Mormons, the poor whites, the Indians, the work of the deaconesses, and especially the late missionary work done in San Francisco among the Chinese.

Mrs. Nason whose home is in Cleveland has been making a tour of the towns of the East Ohio conference and will address the missionary society of Canton Thursday evening.

Quiet Stitches Were Entertained

Mrs. W. H. Robinson entertained the members of the Quiet Stitches club Wednesday afternoon at her home on North Eighth street. The time was very pleasantly passed and delicious refreshments were served by the hostess. Mrs. Chubb was a guest of the club. The next meeting will be held in two weeks at the home of Mrs. Leifer.

M. P. Reports Satisfactory

At the M. P. conference meeting held at the church the reports of the work done during the year were read, and they show that the progress of the work done has been very favorable. Minor business details were attended to.

Mrs. Thrapp Will Fill Program

At the meeting of the W. C. T. U. this afternoon at the home of Mrs. C. W. St. Clair, Mrs. Thrapp occupies the entire program, and will give a complete report of the state convention which was held at Akron in October. Mrs. John Stevenson, the president, presides over the meeting, and will conduct the devotional exercises.

Catechetical Class Starts Meetings

The first meeting of the catechetical class of Emmanuel's Lutheran church was held Wednesday evening. The class consists of eight members and their meetings will continue throughout the winter, until Palm Sunday when the class will receive confirmation. They will take their first communion Easter Sunday.

Masquerade Party At Plainfield

Anty Drudge Tells How to Economize on Coal.

Mrs. Thrifty—"My husband is in the coal business and it doesn't cost anything for fuel to boil the clothes."

Anty Drudge—"Your husband doesn't get his coal for nothing, does he? Besides it costs just half the wear of your clothes when you boil them, as they wear out just twice as fast. Use Fels-Naptha soap in cool or lukewarm water if you want to save time, bother and your husband's coal."

John D. Rockefeller says "it is not what we earn but what we save that makes wealth."

In washing clothes with Fels-Naptha in cool or lukewarm water, either in summer or winter, you save:—

Fuel—No necessity for hot fire or boiling water.

Clothes—Your clothes last twice as long when washed with Fels-Naptha, because they are not weakened by boiling, nor worn out by hard rubbing.

Doctor's Bills—You don't risk your health by bending over steaming suds or a hot fire and then going into the cool outer air.

Time—The Fels-Naptha way of washing takes less than half as long as the old washboiler way.

Labor—Fels-Naptha takes three-fourths the work and all the drudgery out of washday.

If these savings are worth while to you, follow directions for using Fels-Naptha printed on the red and green wrapper.

WESTERLIND WELL AND AT WORK WHILE FRIENDS M'RN

Artist A. Westerlind is not dead. Such was the telegram received by Howard Robinson, exalted ruler of the Coshocton Elks last evening. At once, upon reading of the fact that word had been received of the death of Mr. Westerlind, Mr. Robinson telegraphed the firm for which Westerlind was working for. This is the telegram he received in reply: False alarm about death. A. Westerlind is well and working. Meyercord L. Ho. Co.

The word was first received here by Collector Samples of the Business Men's Assn. who received a letter from one Mr. Sonderg, who said he was a roommate of Mr. Westerlind's before he was taken to the hospital; that he had died two weeks ago at Blue Island hospital.

It is evident that the dead man was quite another A. Westerlind, as the one who formerly dwelt here was a man of family, and probably would have no roommate.

At any rate Mr. Westerlind's Coshocton friends are rejoicing that the report of his death has proven false.

GRANGES OF COUNTY READY FOR WINTER

OAK GROVE, Nov. 12.—The ten subordinate granges of Coshocton county are now preparing for a winter's work and the winter season is the time when grange work can be carried on most successfully. At this time we wish to urge upon all Granges the importance of keeping the doings of the order before the public by means of the press. The newspaper is a great help to a subordinate Grange if rightly used. In Hardin county each Grange has a correspondent to the Kenton papers, and all items of importance are reported. We believe this is a good plan both for the Grange and for the paper. The papers are thus the means of publishing articles of benefit to the Grange of leaving the readers posted concerning Grange news, and keeping the work of the Grange before the people. At the same time the Grange is helping the paper. There is no news that the people of rural districts desire so much as the news of doings among the farmers. We believe it would be a good thing for the Granges of this county to patronize the local papers more and see that the Grange doings are published.

To Amend Anti-Trust Law.

Washington, Nov. 12.—Seth Low, president of the Civic Federation, had a conference with President Roosevelt in regard to a proposed amendment to the Sherman anti-trust law. After leaving the White House Mr. Low said that the president was in favor of some amendment looking to a modification of the law in the interest of both capital and labor, and that he received from him some suggestions which will be of value to the federation in the preparation of the bill on which it is now working. The decision given a few days ago by Judge Lacombe in the American Tobacco company case has thrown some light on the situation, he said, which will aid in the preparation of the bill.

Tigers Will Try Their Best To Whip Coshocton At The Local Rink Tonight

Zanesville will make her first appearance on the Coshocton floor tonight and all the bugs will be on hand to see the game. The Tigers received an awful drubbing on the floor last night at the hands of the Twin City team and no doubt will be looking for revenge tonight but a lion will be the best they will get here.

Coshocton plays the "hoodoo" game 10 days play at Ashland.

President Stevens About To Resign

ZANESVILLE, Nov. 12.—Frank B. Stevens at present president of the Ohio State Polo league, will resign from that office as soon as possible. He is of the opinion that Zanesville isn't getting all that's coming to her and as the head of the organization Stevens has his hands tied. He will not lose interest in the game but on the other hand will take a larger interest and fight for Zanesville. Zanesville has had more lions called on the men this season so far than almost the whole of last year. Gilligan called the folk of last night from wherever on the floor he happened to be and did not report them directly to the scorer as he is supposed to do and as McGraw or any other referee understanding the game does. None of the men in the press box knew that there were three fouls until they succeeded in stopping the game and getting Gilligan to the box where he stated that three fouls had been called on Zanesville. Ed's work was not satisfactory to anyone. Wilson withdrawing his protest after he had won. To use the words of Mr. Stevens, "All we want is a square deal, an even break, and we are going to have it."

Twin City 4 Zanesville 3

ZANESVILLE, Nov. 12.—Twin City won from Zanesville, 4 to 3. Three fouls lost the game for Zanesville. The contest was hottest and marred by much wrangling. Lineup: Zanesville—F R Oile; Korzilius S R; Reichart Q; Tener H B; McDevitt H; Heffner Goal; Sutherland. Goals—Quigley 3; Z rbes 3; Oile 1; Korzilius 1; Rushes—Oile 8; Korzilius 1. Stops—Heffner 41; Sutherland 51. Fouls—Oile 1; Korzilius 2; Tener 1. Referee—Gilligan.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of Mother's Friend prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

Book containing information of value to all expectant mothers mailed free. BRADFIELD REGULATOR CO. Atlanta, Ga.

POWER

When You Want It

Is the modern idea of running machinery. With an electric motor for each machine the power runs just when each particular machine does—when you stop that machine your expense for running it stops.

INDIVIDUAL ELECTRIC MOTORS

Cost much less to install than a power plant of your own, and they can be operated to better advantage. There is no waste power. A MOTOR is always ready—daytime—nighttime—overtime—all the time. There is no delay—no waiting for the engineer—no overtime to pay. If you are interested, call on

Banderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Banderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exfoliating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week, till desired results are obtained.

A lady from California writes in substance as follows:

"I have been using your wonderful hair tonic for several months and at last my long brown hair is a wonderful lot of hair that measures over six inches in length. The bald is over six inches around."

Another from New Jersey:

"After using Banderine bottle 1 am happy to say that I have as nice a head of hair as anyone in New Jersey."

This **Great Hair-Growing Remedy** can now be had at all druggists in three sizes, **25c, 50c and \$1.00 per bottle.**

Free To show how quickly Banderine acts, we will send a large sample free by return mail to any one who sends this free coupon to the **Knoxell Banderine Co., Chicago**, with their name and address and the 10c silver stamp to pay postage.
